SOFTSYNC'S TRIO offers the three most essential computer programs on a single disk: a powerful word processor, a simple-to-use spreadsheet, and a highly flexible data base.

And because TRIO is integrated, you can move data from one program to another. Like expensive, high-end business programs. TRIO lets you mix words, numbers and files to make work easier.

Now you can insert spreadsheet figures into your reports or merge letters with your mailing list; combine research with statistical information or automatically insert data into individual form letters.

With **TRIO'S WORD PROCESSOR,** you can enter and edit text easily, move or copy blocks of text, search and replace words or phrases and insert or delete sections. Frequently used text can be stored in a "clipboard" and pasted instantly into documents. You can even work with two documents at once. Save documents on disk and link files together. Print out in any format using the bold, italic and other features of your printer.

TRIO'S SPREADSHEET is a large financial worksheet designed to meet any financial situation. By using simple formulas, a change in any one entry space or cell updates the entire sheet automatically. Project future income and expenses; calculate profits, earnings or future values. Then try out different parameters—what if profits were up or earning went down or interest rates increase—and the program will recalculate the sheet automatically.

TRIO'S DATA BASE can keep records of everything you need from your address book and mailing lists to inventories and collections. Create your own systems by defining what information you want and how you want it stored. The data base can sort and retrieve any data you request.

If you've used other word processors, spreadsheets or data bases before, you'll appreciate the sophisticated features of each TRIO program. Moreover, you'll discover the power of integrated software—the ability to move data between programs.

And if you've never used these kinds of programs before, you'll welcome the detailed assistance TRIO provides. A straightforward manual contains many examples and illustrations which cover each program thoroughly. A tutorial walks you through all the operations.

On-screen messages keep you continually informed and guide you through each aspect of the program.

An exclusive feature of TRIO is the on-screen HELP windows. If you have an operation question while using any of the programs, press the HELP key and ask the question. The program shows you the relevant instructions.

WARRANTY AND SERVICE POLICY

REPLACEMENT POLICY

If this disk should fail within 90 days of purchase, please return with proof of purchase for FREE replacement. After 90 days from date of purchase, please include $5 for replacement, plus $2.50 for postage and handling.

LIMITED WARRANTY

The software and manual are sold "AS IS", without warranty as to their performance. The entire risk as to the quality and performance of the software is assumed by the user. The user, and not SOFTSYNC or any dealer or distributor, assumes the entire cost of all necessary servicing, repair, or correction and any incidental or consequential damages.

SOFTSYNC warrants to the original purchaser that the medium on which the program is recorded shall be free from defects in materials and workmanship under normal use and service for a period of ninety (90) days from the date of purchase. If during this period a defect in the product should occur, the product may be returned to SOFTSYNC postage pre-paid with proof of purchase. SOFTSYNC will replace or repair the product at SOFTSYNC's option without charge to you. Your sole and exclusive remedy in the event of a defect is expressly limited to replacement or repair of the product as provided above.

If failure of the product resulted from accident, abuse or misapplication of the product, then SOFTSYNC shall have no responsibility to replace or repair the product under the above terms.

The above warranties for goods are in lieu of all other express warranties and no implied warranties of merchantability and fitness for a particular purpose or any other warranty obligation on the part of SOFTSYNC shall last longer than ninety (90) days. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. In no event shall SOFTSYNC be liable for indirect, special, or consequential damages, such as, but not limited to, loss of anticipated profits or benefits resulting from the use of this software, or arising out of any breach of this warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.
